Cavite State University, Indang, Cavite

CEIT launches 30th anniversary celebration

The College started the year long celebration of its 30 years of existence during the University foundation day on 4 March 2015. The event began with Fun Run participated by students, faculty and staff. Students with achievements were given awards in the recognition program organized by the Department of Agricultural and Food Engineering. Engr. Rommel Octavio R. NUESTRO, vice president for research and development of Laguna State Polytechnic University graced the program as resource speaker.

In the afternoon, several students joined the competitions that showcased their talents in singing, dancing and sports followed by the search for Mr. and Ms. CEIT. The College student council and organizations prepared and organized all the activities.

VISION

The premier university in historic Cavite recognized for excellence in the development of globally competitive and morally upright individuals.

MISSION

Cavite State University shall provide excellent, equitable, and relevant educational opportunities in the arts, sciences and technology through quality instruction and responsive research and development activities. It shall produce professional, skilled and morally upright individuals for global competitiveness.

CEIT profs complete graduate studies

The College of Engineering and Information Technology congratulates its two faculty members who have recently completed their graduate studies. They finished their graduate programs in Technological University of the Philippines on 6 April 2015.

Mr. Simeon E. Daez, one of the faculty members of the Department of Information Technology, successfully completed his Master in Information Technology. From the Department of Industrial Engineering and Technology, Ms. Ma. Fatima Zuniga graduated with the degree of Master of Technology major in Electronics Technology.
