

**SUPPLY, DELIVERY AND INSTALLATION OF LABORATORY EQUIPMENT
FOR COLLEGE OF NURSING**

A	Manikins Models [per item bid]	8,330,000.00
B	Medical Supplies and Apparatus (51 items)	504,000.00
	TOTAL ABC	8,834,000.00

A	Manikins Models [per item bid]	8,330,000.00
----------	---------------------------------------	---------------------

NO.	QTY	UOM	DESCRIPTION	COST	TOTAL COST
			Heart and Lung Sounds Manikin		
1	1	unit	<ul style="list-style-type: none"> • Full-size, adult torso with palpable anatomic landmarks • Material: Silicon, Internal power supply: 230 VAC, 50/60Hz • With virtual stethoscope with multiple heart and lung sounds • Simulates the various heart and breath sounds • Sensor network hidden beneath the skin and stethoscope bell itself • With realistic and palpable anatomic landmarks on the manikin to locate the site where a specific sound should be heard • Appropriate sound through the stethoscope and/or external speakers 	800,000.00	800,000.00
			Blood Pressure Reading Training Manikin		
2	1	unit	<ul style="list-style-type: none"> • Full-size adult, left arm, manikin • Internal power supply 230 VAC, 50/60Hz • Programmable, palpable radial pulse when cuff pressure is less than the selected systolic blood pressure • Korotkoff sounds K1 through K4 (K5 is silence) audible between systolic and diastolic pressures • Conventional stethoscope to auscultate Korotkoff sounds in the antecubital area • Display and track cuff pressure • Adjustable pulse rate and auscultation gap • Speakers with volume control • With carrying bag and instruction manual, Material: Silicon 	300,000.00	300,000.00
			Pediatric Intravenous and Arterial Access Training Arm		
3	1	unit	<ul style="list-style-type: none"> • Lifelike skin, articulating wrist, latex-free • Internal power supply 230 VAC, 50/60Hz, Material: Silicon • Realistic arterial and venous network, can stand-alone or attached to stand • Adjustable pulse strength and rate (0 - 180 BPM), Palpable radial and brachial pulse • Ulnar, cephalic, cubital, and basilic intravenous access sites cannulation, infusion, and blood draw • Radial and brachial arterial access sites support cannulation and blood sampling/collection • Supports subcutaneous, intramuscular injection • External blood reservoir for continuous fluid supply and vessel pressurization • Easily replaceable veins and arteries • With carrying bag and instruction manual 	400,000.00	400,000.00
			Adult Male Lower Torso		
4	1	unit	<ul style="list-style-type: none"> • Male care simulator, full-sized, adult male lower torso (abdomen and pelvis), Internal power supply 230 VAC, 50/60Hz, Material: Silicon • Internal power supply: 230 VAC, 50/60Hz, Material: Silicon • Can demonstrate and practice catheterization exercises, prostate examinations, testicular examinations, no-scalpel vasectomy, and rectal/colon examinations • Internal bladder for catheterization • Interchangeable prostates depicting a moderately enlarged benign prostate, a prostate with two discreet nodules, a prostate with an easily palpable large mass, and a prostate with malignant cancer • Realistic penis and two scrotal sacks. One scrotal sack is normal, and the other contains tumors in each testicle • Rectum and colon containing benign and malignant masses easily visualized using an appropriate endoscope • No-Scalpel Vasectomy kit containing two removable scrotal skins, two testicles, and two long vas assemblies that can be advanced as needed for NSV exercises • With carrying bag and instruction manual 	950,000.00	950,000.00
			Surgical Patient Simulator Manikin		

5	1	unit	<ul style="list-style-type: none"> • Basic OR Patient, Surgical Patient Simulator • With Control Tablet PC including 11 scenarios • 20" Touchscreen All-in-one Monitor preloaded with Virtual Monitor Licensed Software • RF Communications Module • Battery charger/Power Supply, (4) abdominal wall inserts • Twelve (12) uterine assemblies, four (4) of each type • Soft-sided case with rollers • With the following specifications: Ruptured Ectopic Pregnancy, Pelvic Mass in Pregnancy, Septic Abortion and Sepsis , Post-Operative Hemorrhage Status/Post-Conization of the Cervix • Simulated vital signs, uses selected configuration or create your own configuration to mimic the real monitors • Customize alarms, easy to operate and control • Reflect simulator's condition during the scenario • Share images such as ultrasounds, CT scans, lab results • Touchscreen control • Monitor can be configured by the instructor to suit the scenario • Display up to 10 numeric parameters • Select up to 6 dynamic waveforms 	2,000,000.00	2,000,000.00
			24-week Preterm Neonate		
6	1	unit	<ul style="list-style-type: none"> • 24-week preterm neonate, approx 1.3 pounds • With IV bag, stand, and tubing • With Filling kit, drainage kit • Scalp IV inserts, Squeeze bulb with tubing kit • Navel insert, Umbilical cords • Replacement left IV arm, Baby blanket • Diaper, Mineral oil lubricant, Concentrated blood, Medical tape • Airway landmarks include: epiglottis, glottis and vocal cords • Realistic chest recoil during CPR • Manual Pulses: Brachial, Femoral, Umbilical, and Fontanelle • Vascular access via hand, scalp, and umbilicus • Supports UVC/UAC sampling and infusion • True-to-life lung compliance • Visible chest rise following recommended flow, PIP, and PEEP values • Support standard positive-pressure ventilation devices: BVM, CPAP, Mechanical Ventilators 	1,500,000.00	1,500,000.00
			Female Adult Lower Torso		
7	1	unit	<ul style="list-style-type: none"> • Adult-sized lower torso, Female, Material: Silicon • Internal power supply 230 VAC, 50/60Hz • For gynecological skills • Anteverted uterus, Retroverted uterus • Clear IUD uterus • Pregnant uteri 6-8 week • 6-8 week w/ short ovarian ligaments, 10-12 week, 20 week • (5) Normal patent cervixes • (6) Abnormal cervixes • Pregnant Cervices • (3) 6-8 week • (3) 10-12 week • With Mineral oil • Transport case and instruction manual 	800,000.00	800,000.00
			Training Manikin		

8	1	unit	<ul style="list-style-type: none"> Professional family pack Color: Medium skin As pack (at least): 2 Adult Manikins with CPR Monitors 1 Child Manikin with CPR Monitor 2 Infant Manikins with CPR Monitors 20 Adult Face Shield Lung Bags 10 Child Face Shield Lung Bags 20 Infant Face Shield Lung Bags Instruction Sheet 1 Nylon Carrying Case Can perform and practice of Heimlich maneuver and abdominal thrusts, as well as CPR and mouth-to-mouth breathing With realistic anatomical markings (Adam's apple, carotid arteries, navel, rib cage, chest notch) Must be approved for use by American Heart Association for the American Red Cross layperson and professional rescuer training courses Must be corrosion resistant, lightweight, and has high strength 3 parts total – 2 removable sections (middle ear eardrum piece with auditory ossicles malleus/incus/stapes and entire internal ear piece with labyrinth of cochlea, semicircular canals, vestibular nerve) for close-up examination Removable pieces held in place by molded cavities for easy removal and replacement 	450,000.00	450,000.00
			Episiotomy & Suturing Simulator		
9	1	unit	<ul style="list-style-type: none"> Weight: Approx. 500g, Internal power supply 230 VAC, 50/60Hz Dimensions: Approx. 20 x 13 x 6 cm Material: Latex-free, silicone-based material Can demonstrate median episiotomy, mediolateral episiotomy, lateral episiotomy, vaginal and labial tears Muscle structures can be palpated and sutured in the perineal area: M. sphincter ani externus (outer anal sphincter muscle), M. transversus perinei superficialis (superficial transverse perineal muscle), M. bulbospongiosus (bulbospongiosus muscle) Must with silicone insert, base and stand, with carrying bag and instruction manual 	50,000.00	50,000.00
			Automated External Defibrillator		
10	2	unit	<ul style="list-style-type: none"> Operation Mode Automatic Frequency 50 Hz Voltage 240 V With LCD Display showing voice prompt messages, device advisory messages, elapsed time, shock count and chest compression graph display Configurated to display ECG With cover, pads, operator's guide and CPR responder's kit 	260,000.00	520,000.00
			Electric Hospital Bed		
11	4	unit	<ul style="list-style-type: none"> Size: Approx. 210 x 90 x 60cms Castor Diameter: 125mm Finishing: Epoxy powder coating Frame Material: Mild Steel Number Of Wheels: 4, Knee Rest Tilt (deg. Celsius) Electric Control Functions : Two Functions Back Lift : Electric Control Knee Rest Lifting : Electric Control Head & Foot Panels : Elegant High Quality Moulded Panels-Removable Side Support : 4 sectional moulded safety side panels. Top : Four Sections Framework : Mild Steel Finish : Beautiful Epoxy Powder Coating Castors : 125mm dia twin castors Brakes : Two castors with individual brakes Buffers : Corner buffers absorb impact and reduce damage in handling IV Stand : Provided with heavy duty saline stand with provision for fixing it at four location 	140,000.00	560,000.00

B Medical Supplies and Apparatus (51 items)

504,000.00

			Bag Valve Mask (Adult)		
12	1	unit	<ul style="list-style-type: none"> Manual, Lightweight, translucent bag textured for an enhanced, nonslip grip Premium, soft cushion, valved mask Red universal tubing for easy verification of oxygen connection Adult: 1,900 mL bag volume/950-960 mL stroke volume; Small adult: 1,500 mL bag volume/640-660 mL stroke volume Patient weight: > 40 kg (> 88 lbs.) for both adult and small adult 	50,000.00	50,000.00
			Bag Valve Mask (Pediatric)		

13	1	set	<ul style="list-style-type: none"> Small adult: 1,500 mL bag volume/640-660 mL stroke volume Manual, Lightweight, translucent bag textured for an enhanced, non-slip grip Premium, soft cushion, valved mask Red universal tubing for easy verification of oxygen connection Patient weight: > 40 kg (> 88 lbs.) for both adult and small adult 	50,000.00	50,000.00
			Stretcher		
14	4	unit	<ul style="list-style-type: none"> Stretcher trolley, standard steel Stretcher size (cm): Approx. 182 (L) x 56 (W) Size in cm- 210 (L) x 67 (W) x 65/85 (H) All castor wheels have breaks 	20,000.00	80,000.00
			Weighing Scale, Infant		
15	2	unit	<ul style="list-style-type: none"> Digital Weighing Scale Load Capacity: max. 20kgs On/Tare Function Memory Function 	3,500.00	7,000.00
			Bedside table		
16	5	unit	<ul style="list-style-type: none"> Dimensions (L x W x H): Approx. 15.50 x 30.00 x 40.00 inches Top Material: Wood Base Material: Steel Features: Tilt, Portable, Heavy-Duty, Adjustable+D51 	2,500.00	12,500.00
			Overbed table		
17	2	unit	<ul style="list-style-type: none"> Free standing, mobile, over bed / over chair table with a powder coated frame and a laminate table top as standard Safe Working Load: 25 kg Table Top Length: 800mm Base Length: 750mm Table Top Width: 400mm Adjustable Height: 500mm-750mm Total Weight: approx 12 kg 	2,500.00	5,000.00
			Emergency cart		
18	1	unit	<ul style="list-style-type: none"> Mainly made of plastic, aluminum and steel International standard size, ABS top board Top and bottom, double-ply ABS boards ABS drawer with aluminum alloy frame and removable tray Four columns With Sliding side shelf, dust basket, needle disposal holder, IV pole, defibrillator shelf With oxygen tank holder, CPR board, power outlet and hooks, utility container, Centralized lock, stainless steel guard rail 	40,000.00	40,000.00
			Metzenbaum scissors, straight		
19	2	unit	<ul style="list-style-type: none"> Stainless steel Size: approx. 12 cm in length Straight blades Blunt tips With passivated rusting prevention procedure Can be lubricated and dull-polished 	850.00	1,700.00
			Metzenbaum scissors, curved		
20	2	unit	<ul style="list-style-type: none"> Stainless steel Size: 14.5cm in length With passivated rusting prevention procedure Can be lubricated and dull-polished 	850.00	1,700.00
			Mayo scissors, straight		
21	3	unit	<ul style="list-style-type: none"> Stainless steel, thick shank and thick beveled blades with rounded tips Size: approx. 15 cm in length Straight blades Blunt tips With passivated rusting prevention procedure Can be lubricated and dull-polished 	850.00	2,550.00
			Kelly hemostatic forceps, curved		
22	6	unit	<ul style="list-style-type: none"> Stainless steel Size: approx. 16.0 cm in length With passivated rusting prevention procedure Can be lubricated and dull-polished 	700.00	4,200.00
			Kelly hemostatic forceps, straight		

23	6	unit	<ul style="list-style-type: none"> • Stainless steel • Size: approx. 16.0 cm in length • Straight blades • Blunt tips • With passivated rusting prevention procedure • Can be lubricated and dull-polished 	700.00	4,200.00
			Needle holder		
24	1	unit	<ul style="list-style-type: none"> • Stainless steel, wide cross-serrated tip • Size: approx. 16.0 cm in length • With passivated rusting prevention procedure • Can be lubricated and dull-polished 	650.00	650.00
			Tissue forceps		
25	3	unit	<ul style="list-style-type: none"> • Stainless steel, serrated flat, wide thumb area, narrow tips with 7 teeth on both sides • With passivated rusting prevention procedure • Can be lubricated and dull-polished 	750.00	2,250.00
			Mayo table		
26	2	unit	<ul style="list-style-type: none"> • Stainless steel • Foot pedal height control adjusts the height from 38" to 64" • Tip-resistant, weighted flat base easily slides under OR tables • Removable 16" x 21" stainless steel tray can provide for easy clean-up • Stand is mounted on smooth gliding 2" ball bearing swivel casters 	1,500.00	3,000.00
			Mosquito forceps, curved		
27	4	unit	<ul style="list-style-type: none"> • Stainless steel, with scissors-like strings, ratchets for secure locking and fully serrated jaws • Size: approx. 12.0 cm in length • With passivated rusting prevention procedure • Can be lubricated and dull-polished 	800.00	3,200.00
			Mosquito forceps, straight		
28	4	unit	<ul style="list-style-type: none"> • Stainless steel, with scissors-like strings, ratchets for secure locking and fully serrated jaws • Size: approx. 12.0 cm in length • With passivated rusting prevention procedure • Can be lubricated and dull-polished 	800.00	3,200.00
			Scalpel handle no.3		
29	1	unit	<ul style="list-style-type: none"> • Non-Magnet Stainless Steel, for scalpel blades Fig 10, 11, 12, 13, 15 • Rust free and sterilizable • With passivated rusting prevention procedure • Left or right hand usage 	650.00	650.00
			Scalpel handle no.4		
30	1	unit	<ul style="list-style-type: none"> • Non-Magnet Stainless Steel, for scalpel blades Fig 18, 19, 20, 21, 22, 23, 24, 25, 36 • Rust free and sterilizable • With passivated rusting prevention procedure • Left or right hand usage 	650.00	650.00
			Skin retractor, various blade size		
31	2	unit	<ul style="list-style-type: none"> • Stainless steel • Size: approx. 16.0 cm in length, blade width: 16mm • With passivated rusting prevention procedure • Can be lubricated and dull-polished 	950.00	1,900.00
			Thumb forceps		
32	3	unit	<ul style="list-style-type: none"> • Stainless steel, with fine serrations, precision points matching and ridges • Sizes: 13cm, 14cm, 16cm in length • With passivated rusting prevention procedure • Can be lubricated and dull-polished 	750.00	2,250.00
			Negatoscope		
33	1	unit	<ul style="list-style-type: none"> • Size: approx. 450 x 600 x 120 cm • Visual Area: 420x550 • Power: 90W • Adaptor: Global Adaptive Power; AC90V-240V ,50/60Hz • Visual Area: 420x550 • Uniformity ≥90% • Fixture: roller oblique compression type fixture • Installation: Wall mounting, Bracket mounting • Application Scope: General Film, Digital Film, Breast Mammography Film • Application Condition: Room Average Illuminance ≤ 100 lux 	6,500.00	6,500.00
			Vaginal speculum, different sizes		

34	3	unit	<ul style="list-style-type: none"> • Material: Austenitic steel (non-quenched, non-magnetic steel) • Small (about 15 cm) • Medium (about 18 cm) • Large (about 20 cm) • Double beaked, vaginal speculum self-retaining • Austenitic steel composition: 16 - 18% chromium; 10 - 14% nickel; 2 - 3% molybdenum • Estimated weight: 0.240kg 	600.00	1,800.00
			BP Apparatus		
35	3	unit	<ul style="list-style-type: none"> • Set of Aneroid Sphygmomanometer with stethoscope and wheels • Durable adult inflation system • Authentic luminous dial face • Long lasting thicker rubber bladder 	11,000.00	33,000.00
			Laryngoscope		
36	2	unit	<ul style="list-style-type: none"> • Adult, conventional, set with bulb and battery-operated • Material: Stainless steel, Color: Silver • Length: 100-160 mm • Handle: Big Handle & Small Handle • Mac Blades Size: No. 0, 1, 2, 3, 4, 5 • 1-Handle, 2-4 Blades, Size -1/2/3/4 • Reusable, Sterilizable • Replaceable screw-in lamps 	7,000.00	14,000.00
			Laryngoscope		
37	2	unit	<ul style="list-style-type: none"> • Pedia, conventional, set with bulb and battery-operated • Material: Stainless steel, Color: Silver • Length: 100-160 mm, Handle: Big Handle & Small Handle • Miller Blades Size: 00, 0, 1, 2, 3, 4 • 1-Handle, 2-4 Blades, Size -1/2/3/4 • Reusable, Sterilizable • Replaceable screw-in lamps 	8,000.00	16,000.00
			Wheelchair		
38	2	unit	<ul style="list-style-type: none"> • Weight Capacity: 140 kg • Seat Width 16" - 20 • Pop-off rear wheels • Desk-top Length Armrests • Adjustable Backrest • Quick-Release Wheels • Swing-away Detachable Footrests • Ergonomic Comfort Grip Handles • Anti-tippers Material: Leather with Steel 	3,500.00	7,000.00
			Thermometer		
39	5	unit	<ul style="list-style-type: none"> • Non-contact infrared thermometer • Memory data available • Battery operated • <2 secs response time • Long standby time 	1,000.00	5,000.00
			Crutch		
40	1	set	<ul style="list-style-type: none"> • Material: Aluminum, Handle material: Plastic, 1 pair • Adult size, Adjustable length • E.R.W. Pipe 15.5 mm and 19 x 19 mm, Lightweight, Rust Proof Electroplated or Powder Coated, Cushion • Approved according to UNE EN ISO 11334-I • Removable arm cuff • Crutch at its shortest measures 2' 11" / 89cm (to back of crutch) • Crutch at its longest measures 4' 2" / 126cm (to back of crutch) • Each crutch separates into 3 parts to fit into a suitcase - the longest part is 78cm • Maximum user weight 150kg 	871.00	871.00
			Pulse oximeter		
41	1	unit	<ul style="list-style-type: none"> • Adult • approx. 1.5" double Color OLED display, resolution 160*64 • Spo2 : 35~99% Pulse Ratio : 30~250BPM • Resolution: 1% for SPO2, 1BPM for pulse ratio • Accuracy: ±2% (70%~99%), unspecified (<70%) for SPO2, ±2BPM or±2% (select larger) for pulse ratio • Power: Battery Operated • Can work more than 30 hours continuously 	1,000.00	1,000.00
			Pulse oximeter		

42	1	unit	<ul style="list-style-type: none"> • Pedia with SP02 measuring range: 0% ~99% • Pulse rate measuring range: 30bpm ~ 250bpm • Power: Battery Operated • With oximeter case • Heart beat displayed as bar graph or wave form • With auditory alarm, heart beat tracking sound • Indicator for low power • Automatic shut-off for when no finger is detected 	2,500.00	2,500.00
Intravenous (IV) stand					
43	4	unit	<ul style="list-style-type: none"> • IV pole material: Stainless steel • Base: High quality medical polymer • Adjustable range: up to 2m • Can fix the different sizes of infusion bottle concurrently such as 1000ml, 500ml and 250ml 	1,500.00	6,000.00
Rubber sheet					
44	5	unit	<ul style="list-style-type: none"> • Material: Soft rubber • Roll length : 5 meter • Washability: With cold water and mild soap 	380.00	1,900.00
Penlight					
45	5	unit	<ul style="list-style-type: none"> • LED Penlights • Battery-operated • With pupil gauge and a 5cm-ruler • With push-button on/off switches with pocket clip • Lightweight, convenient, easy to carry 	1,200.00	6,000.00
BP apparatus w/ stethoscope					
46	8	set	<ul style="list-style-type: none"> • Set of Aneroid Sphygmomanometer with stethoscope • Handy zipper case • Durable adult inflation system • Authentic luminous dial face • Long lasting thicker rubber bladder 	1,500.00	12,000.00
Reflex hammer					
47	6	unit	<ul style="list-style-type: none"> • Neurological reflex hammer • Material: stainless steel • Size: Approx about 18cm 	250.00	1,500.00
Weighing scale					
48	3	unit	<ul style="list-style-type: none"> • Capacity: 180 kg x 100 g • Scale Height: 150 cm • Height Rod: 76 to 200 cm - 1/2 cm increments • Platform Size: Approx. 27 cm W x 37 cm D • Heavy-duty solid stable platform • Durable steel construction 	17,000.00	51,000.00
Bathroom weighing scale					
49	4	unit	<ul style="list-style-type: none"> • Manual body weight scale • 3-layer stainless steel knock down rack • High accuracy • Long operational life • Easy to use and maintain 	750.00	3,000.00
Suction machine					
50	2	unit	<ul style="list-style-type: none"> • Portable • Max. Vacuum Pressure: 0.08Mpa, Max. Air Flow: 25L/min • Max. Jar capacity: 1400ml • Vacuum Gauge Range 0.00Mpa ~ 0.1Mpa • Vacuum Control Range 0.02Mpa ~ 0.08Mpa • Power Consumption 130 W, Power Supply: 230VAC • Noise Level <50dB(A) 	6,000.00	12,000.00
Nebulizer machine					
51	3	unit	<ul style="list-style-type: none"> • Size: Approx. 19 cm x 10 cm x 18 cm • Electrical Requirements: 1.4 amps, 230 VAC (±10%) 50 Hz • Sound Level: 58-62 dBA • Power Consumption: 140-160 watts maximum • Maximum Compressor Pressure: 241 kPa • Storage/Transport Temperature Range: --40° to +70°C 	6,000.00	18,000.00
Kelly pad					
52	10	unit	<ul style="list-style-type: none"> • Material: High quality rubber • Thickness: up to 15 mm • High quality, durable 	250.00	2,500.00
Gauze 20"x12"					

53	10	unit	<ul style="list-style-type: none"> • 20"x12" mesh, box • 36"x 100" yrds non sterile (roll) • Material: 100% cotton, Highly absorbency, Soft and comfortable. • 20"x12" mesh • 36"x 100" yrds non sterile (roll) • Material: 100% cotton, Highly absorbency, Soft and comfortable. 	50.00	500.00
Gloves					
54	10	unit	<ul style="list-style-type: none"> • Size: Small, non-sterile 100`s (box) • Latex-free 	250.00	2,500.00
Gloves					
55	10	unit	<ul style="list-style-type: none"> • Size: Medium, non-sterile 100`s (box) • Latex-free 	250.00	2,500.00
Gloves					
56	10	unit	<ul style="list-style-type: none"> • Size: Large, non-sterile 100`s (box) • Latex-free 	250.00	2,500.00
Face Mask					
57	10	unit	<ul style="list-style-type: none"> • Mask disposable 3 ply, ear loop 50`s (box) • Non-woven fabric, elastic ear loops 	150.00	1,500.00
Gauze swab					
58	10	unit	<ul style="list-style-type: none"> • Gauze swab, 2"x2" • Sterile 100`s (1box) • Material: 100% cotton 	50.00	500.00
Gauze swab					
59	10	unit	<ul style="list-style-type: none"> • Gauze swab, 3"x3" • Sterile 100`s (1box) • Material: 100% cotton 	50.00	500.00
Cotton applicator					
60	10	unit	<ul style="list-style-type: none"> • Sterile 100`s (pack), packaged in convenient peel-down pouches • Bag is autoclavable with a colored auto claving process marker, turning reddish pink to brown 	50.00	500.00
First Aid Cabinet					
61	15	unit	<ul style="list-style-type: none"> • Plastic Material • 28 x 11 x 28 cm • Sliding Door • Can be Wall-mounted • Cabinet style with easy-open hook • Comes with transparent plastic door for easy identification of contents • Durable, high-quality plastic 	401.00	6,015.00
Sharps Waste Container (1L)					
62	13	unit	<ul style="list-style-type: none"> • Rectangular shape • Simple to assemble • made of Polypropylene for incineration or alternative treatment • Capacity: 1 L • able to close with a tight-fitting, puncture-resistant lid, without sharps being able to come out; • upright and stable during use; • has a permanently locking, snap-top lid • leak-resistant; and • properly labeled to warn of hazardous waste inside the container • accessory: hanging bracket 	678.00	8,814.00
