the Southern Tagalog Agriculture, Aquatic, and Resources Research, Development, and Extension Consortium (STAARRDEC), where consortium member institutions (CMIs) from the Southern Tagalog region showcase their latest research and innovation projects.

In collaboration with CvSU-Agri-Aqua Technology Business Incubation (ATBI), the Knowledge Management Center (KMC) of CvSU actively participated in the said event by showcasing featured products from various centers, units, and campuses of the university. These products were from the Bee Research Innovation, Trade, and Extension (BRITE) Center, the Sugar Palm Research, Information, and Trade (SPRINT) Center, the National Coffee Research, Development, and Extension (NCRDEC) Center, the

Mr. Jay Vee L. Lacostales, CEIT faculty member, won the 3rd Best Technology Pitch titled "Trail-A-Boat-Boat Transport Trailer"

Makapuno Development Research, Innovation, and Extension (MDIERC) Center, and the SciCat AVENUES.

Additionally, Mr. Jay Vee L. Lacostales, faculty of the College of Engineering and Information Technology, received recognition for winning the 3rd Best Technology Pitch titled "Trail-A-Boat-Boat Transport Trailer."

The event, which was successfully facilitated by the Southern Tagalog Agriculture, Aquatic and Resources Research, Development and Extension Consortium (STAARRDEC) and the Regional Agri-Aqua Innovation System Enhancement (RAISE) program, highlighted the impressive achievements of CvSU.

TUP-Manila Benchmarks UPCO's Environmental Management

By Jhon Laurence B. Herrera

The Technological University of the Philippines (TUP)-Manila conducted benchmarking activities at the University Pollution Control Office (UPCO) as part of its visit to Cavite State University (CvSU) on October 17, 2023.

Approximately ten faculty and

staff from TUP-Manila, led by Ms. Elizabeth A. Barosa, TUP-Manila pollution control officer, and Ms. Ernita R. Calayag, TUP president's special assistant, were welcomed by Dr. Hernando D. Robles, CvSU president, and For. Junser P. Magpantay, university pollution control officer.

During the benchmarking activity, Dr. Robles and For. Magpantay shared insights on how UPCO was established as an environmental unit of CvSU. The university's application process for its Environmental Compliance Certificate was discussed, along with UPCO's operational structure and CvSU's environmental management policies on campus. The group also visited the Material Recovery Facility (MRF), where For. Magpantay demonstrated its operations and maintenance.

The activity concluded with a commitment to establish a Memorandum of Agreement between both parties to strengthen their collaboration in environmental management.

Dr. Hernando D. Robles, CvSU President, and For. Junser P. Magpantay, Pollution Control Officer, welcomed the faculty and staff of TUP-Manila

CEIT conducts IP Basics seminar-workshop in partnership with CvSU-ITSO

By Vincent V. Vergara

The Cavite State University-College of Engineering and Information Technology (CvSU-CEIT) conducted an IP Basics, Patent Search, and Patent Drafting Seminar-Workshop for CEIT Technologies on October 10 to 12, 2023 at the College of Engineering and Information Technology (CEIT), Conference Room. It was organized by the Department of Information Technology (DIT) with the assistance of the CvSU Innovation and Technology Support Office (ITSO).

The seminar-workshop aimed to equip faculty members of the college with the knowledge and skills necessary to protect their intellectual properties and boost the research and innovation capacity of the college. It was attended by 27 faculty members from various

Participants during the IP Basics seminar-workshop

departments of the college.

Dr. Willie C. Buclatin, college dean, formally welcomed the participants and the speakers. Dr. Edwin Arboleda, college research coordinator, delivered a brief inspirational message before the training. Dr. Teddy F. Tepora, ITSO Manager, was invited as the keynote speaker of this event. Along with him were Engr. Gee Jay C. Bartolome and Engr. Sheryl D. Fenol,

who discussed the basics of IP, the process of converting research into technology commercialization, and the ways by which an individual may conduct a prior art search.

The participants were tasked with conducting a prior art search, creating a prior art search report, and developing a prior art matrix for their respective technologies. This activity was moderated by Prof. Marlon R. Pereña, faculty of CEIT.

UPCO conducts Training Workshop on Hazardous Waste Management for its PCCs

By Jhon Laurence B. Herrera

Photos during the Training Workshop on Hazardous Waste Management

The University Pollution Control Office (UPCO) conducted a Training Workshop on Hazardous Waste Management for its Pollution Control

Coordinators (PCCs) last October 10, 2023 at the Southern Tagalog Agriculture, Aquatic and Resources Research, Development, and Extension Consortium's (STAARDEC) Conference Room, Cavite State University (CvSU). It was participated in by 40 PCCs from different units of the university.

The event aimed to provide knowledge on the proper handling, labeling, identification, segregation, and management of hazardous wastes generated by various colleges, units, and offices of CvSU. The workshop began with the welcome remarks delivered by Dr. Hernando D. Robles, CvSU president. It was

followed by a message from For. Junser P. Magpantay, university pollution control officer. A lecture forum was then conducted, which was facilitated by Ms. Rebecca Manaig, Mr. Rick Benjie Perdigones, and Ms. April Fantastico from Cleanway Environmental Management Solutions Inc. (CEMSI), who were invited as resource persons. CEMSI is recognized as a fully integrated and comprehensive hazardous waste management company in the Philippines. In alignment with the Gender and Development (GAD) advocacy of CvSU, For. Magpantay, who is also a GAD advocate, discussed the Safe Spaces Act of 2019 during the workshop.

BANYUHAY Team soft launches the Kwentong TechTrans Project during the 1st RRIW 2023

By Edna Mae S. Tapawan

The BANYUHAY team during the 1st RRIW 2023

The BANYUHAY team participated in the 1st Regional Research and Innovation Week (RRIW) with the theme, "*Catalyzing Regional Advancement through Research and Innovation*," last September 23 - 26 at the DL Umali Hall of the University of the Philippines - Los Baños (UPLB).

The event began with an invocation, followed by an overview of the 2nd Regional Student Congress and the Search for Ekstensiyonistang OA 2023 presented by Prof. Jaime Zeus Agustin, in-charge of ceremonies. Dr. Teddy F. Tepora, program leader of the Regional Agri-Aqua Innovation System Enhancement (RAISE) Program Region IV, delivered the

opening remarks and introduced the speaker. This was followed by a plenary talk titled "Innovation In Agri-Aqua To Sustain Nutritious, Affordable And Readily Available Food," by Dr. Arsenio G. Barcelona, president of Harbest Agribusiness Corporation.

Following the plenary talk, Dr. Racquel G. Agustin, project leader and regional science communication cluster coordinator of the Southern Tagalog Agriculture, Aquatic, and Resources Research, Development, and Extension Consortium (STAARRDEC), presented the Kwentong TechTrans in Luzon: Bringing Accessible Innovation to Your Homes and Community (BANYUHAY),

along with the project jingle.

The program continued in the afternoon with the presentation of the mechanics for technology pitching, which was presented by Dr. Agustin. It was followed by the introduction of evaluators by Prof. Lisette D. Mendoza, project staff of BANYUHAY and project leader, RAISE Project 4. The Live Pitch Presentation, moderated by Prof. Agustin, followed.

The 1st RRIW was attended by members and representatives from STAARRDEC, RAISE, project team BANYUHAY, University of Rizal System, Forest Products Research and Development Institute, Cavite State University, Southern Luzon State University, University of the Philippines Los Baños, Laguna State Polytechnic University, Romblon State University, Batangas State University, The National Engineering University, Western Philippines University, and Marinduque State College.
